Mainstream Construction Group Donates to Children's Charity

ALTAMONTE SPRINGS, Fla., February 4, 2008 – The thirty-one employees of Altamonte Springs-based, Mainstream Construction Group, Inc., a specialist in small box retail, restaurant and commercial construction, held a toy drive to benefit the Angel Tree Foundation. More than 150 toys ranging from bicycles to baby dolls were gathered in an event organized by Rhonda Mitchell of the Mainstream's accounting department.

“While growing up, I witnessed first-hand all the good that the Angel Tree Foundation did for kids in my neighborhood,” said Mitchell. “Watching a child that has nothing receive a gift gives me overwhelming joy.”

The Angel Tree Foundation is a faith-based children's organization founded to assist children of incarcerated parents. In its 25-year history, the Foundation has assisted more than seven million children across the nation. For information, visit www.pfm-angeltree.org.
