

Mainstream Nears Completion of First Project for Dunkin' Brands

ALTAMONTE SPRINGS, Fla., August 14, 2006 – Mainstream Construction Group, Inc. is nearing completion of its first project for the largest coffee and baked goods chain in the world, Dunkin' Brands, Inc. The Altamonte Springs-based construction services company provided general contracting for the construction of a free-standing, multi-brand combination shop in Winter Haven, Fla. The 1,800 square foot restaurant houses two of Dunkin' Brands' most well-recognized names: Dunkin' Donuts and Baskin Robbins. Under construction since March 2006, \$705,000 project is scheduled for completion in August of this year.
